Jimm,

Unfortunately our account lapsed around six months ago.

I tried to download everything when I made the switch. I'm searching my folders and am not finding that one.

Sorry.

Rob

Hi Rob,

There's a Plone project here that I help with. I need my notes from the LANDIS-II Plone setup but they're in text files on the Webfaction server. Is the landis account still accessible?

Thanks,  
Jimm
