LANDIS-II Developers

Google Groups

Unfortunately, your recent post to the **LANDIS-II Developers** group was denied by a group moderator.

Message from the moderator

> Your message was not posted. Consider whether it was a better topic for the LANDIS-II Useres forum. Please contact Robert Scheller for further information.

Possible reasons your post was rejected include:

- Your post was more relevant to a different category, group, or topic.
- Your post did not conform to the posting guidelines of this group.
- Your post needs more information.

More information about moderation tools is available at the Google Groups Help Center.
